FINDING COMMUNITY & BELONGING

Thinking about graduate school?

The University of Minnesota offers *more than 200* graduate and professional degree programs!

Understandably, it's easy to feel lost and overwhelmed in the process of finding the right program, asking the important questions, and navigating through the abundance of information. **Don't be discouraged. You belong here – and we're here to help.**

Join us for our University of Minnesota Systemwide Graduate School Diversity Conference & Graduate Fair to explore your graduate education options, connect with and learn from current graduate students, and find a sense of community and belonging.

Underrepresented undergraduates from all UMN campuses are invited to learn more about what the University's graduate programs have to offer at this free, virtual event.
